

### “Disrupting Health”

The theme this year reflects on disrupting healthcare with a focus on the patient (consumers), healthcare delivery, and policy. Join us as we highlight the innovations and advances of healthcare aiming to deliver the best health outcomes. Through panel sessions, keynote addresses, and time for collaboration, Health Connect South looks forward to advancing our mission to serve the health community as a regional platform for health collaboration. The program also includes networking for students and health leaders, a session on highlighting collaborations in health, and two awards: UnSung Hero Award and the Best Collaboration Award.
